reflecta IMAGEBOX iR

With the **reflecta IMAGEBOX iR,** you cannot only digitalise your slides and negatives, but also scan your **paper photos**. You easily can process any photo up to a format of 10 x 15 cm. The **IMAGE**BOX **iR** includes the new **MAGIC TOUCH** Technology – a scratch and dust removal system based on Infrared technology.
The **IMAGEBOX iR** comes with a slide holder for 4 framed slides, a film strip holder for negative/positive film strips up to 6 photos and a photo holder which can be adjusted to the desired photo size with a maximum photo format of 10 x 15 cm. Irrespective of the medium to be scanned, the scan will take 1 second at a resolution of 1800 dpi for slides/negatives and 400 dpi for photos.
